

Quantitative Risk Management

<http://www.qrmtutorial.org>

Last update: 2016-06-23

Course information

- Website: <http://www.qrmtutorial.org>
- Book: A. J. McNeil, R. Frey, P. Embrechts
Quantitative Risk Management (1st edition: 2005; revised edition: 2015)

Overview

- 1 Risk in perspective**
- 2 Basics concepts in risk management**
- 3 Empirical properties of financial data**
- 4 Financial time series**
- 5 Extreme value theory**
- 6 Multivariate models**
- 7 Copulas and dependence**
- 10 Credit risk**
- 11 Portfolio credit risk management**
- A Appendix**
